UCAS POLICIES AND STANDARDS

*The policies and standards in the printed handbook are up to date at the time of printing. Please see the UCAS website for the most recent versions of these policies and standards.

UCAS policies have been established to provide a safe, orderly, and educational environment as required by law. All students are expected to respect others (students, teachers, staff, etc.), respect property (personal, school, public, etc.), and be safe and follow UCAS standards.

UCAS Board Policy ID Policy on Student Academic Progress

The academic progress of the students is a concern to all. Monitoring the academic growth is a critical step in the educational process. For students attending classes at the Utah County Academy of Sciences (UCAS), every attempt will be made to return work done by the students in a timely manner. UCAS instructors will review student progress periodically and share the information with the students. Parents and students are strongly encouraged to monitor their own academic progress using the available on-line resources, attending parent teacher conferences, and contacting teachers directly when appropriate. Unsatisfactory progress in either the academic or citizenship area at UCAS will be shared with the student and the parent or guardian. Parents and students can check on the academic progress procedures that are implemented by viewing the

UCAS school web-site and the student handbook for UCAS Academic Student Standing information.

UCAS is an early college high school which helps transition students from high school to college. Students are taught to advocate for themselves and to monitor their own academic progress. For UCAS students attending college courses on the Mountainland Technology College (MTECH) and/or Utah Valley University (UVU) campus, academic progress is the responsibility of the student. Parents/guardians will not be notified by the instructor as to the academic progress of a student.

Students who fail a course or wish to retake it to earn a higher grade will be responsible for paying the tuition of any repeated course.

Student at Risk of Academic Failure - Enhancement for At-Risk Students

In accordance with R277-708-5, the Utah County Academy of Sciences Board of Trustees has adopted the following LEA specific definition of “Student At-Risk of School Academic Failure”.

This definition is to be used for the Enhancement for At-Risk Students and related programs.

Definitions

“Student At-Risk of School Academic Failure” are defined as students for whom any of the following situations apply:

1. Is identified as having “low performance” or “below proficient”:
 - a. Low performance may include has scored “below proficient” on any USBE assessment in any of the previous three years. Or
 - b. Is “off-track” for graduation:
 - i. The sum of credits already earned by a student, plus the credits that may be earned in the regular school schedule, is insufficient for a student to graduate by the student’s expected cohort graduation date.
 - ii. May be calculated either in total number of credits or by specific graduation requirement.
 - c. Is “trending off-track” for graduation:
 - i. The sum of credits already earned by a student, plus the projected number of credits that a student would earn if the student’s rate of credit attainment continues in future terms, is insufficient for a student to graduate by the student’s expected cohort graduation rate.
 - ii. May be calculated either in total number of credits or by specific graduation requirement.
2. Is identified as an English Language Learner or a Title I student receiving CCGP supports.
3. Is identified as having “mobility” concerns which may include having below 90% attendance.

UCAS Academic Standing and Scholarship Qualifications

UCAS Scholarship to UVU/MTECH:

UVU/MTECH courses may be taken after the student has been enrolled at UCAS for a year. The only courses UCAS will pay for at UVU during 10th grade are accelerated Math – when eligible. All UCAS and high school courses must be done before any other UVU/MTECH courses are paid by UCAS.

UCAS students are scheduled for courses according to their CCR so that students complete requirements in the following order:

1. High school credits,
2. Higher Ed required credits,
3. Higher Ed elective credits.

UCAS will pay for higher ed courses when this order is followed. UCAS will pay for up to 60 credits - when the student reaches the required University Studies general associate degree requirements (See Policy JH Core Curriculum and Graduation requirements). No matter which scholarship a student chooses and qualifies for, they are responsible for the cost of books for on-campus courses. For MTECH programs, students are also responsible for payment of program fees.

Full Scholarship	All passing grades. Semester and cumulative GPA above a 3.0.	Full Scholarship Awarded
Partial Scholarship	Minimum semester GPA 2.0 and minimum cumulative GPA 2.9, or One or more failed class	Maximum 3 UVU on-campus classes or 1 MTECH program of study. <i>UCAS review committee must approve a letter of explanation written by the student and any failed classes must be repaid or retaken at student expense.</i>
Limited Scholarship	Semester GPA below 2.0 or Cumulative GPA below 2.9	1 MTECH program of study, high school and CE credits available. <i>UCAS review committee must approve a letter of explanation written by the student and any failed classes must be repaid or retaken at student expense.</i>

Failing Grades:

Students who receive an F, I, W, UW or E grade must pay UCAS back for the failed course or pay to retake the SAME course. Failure to do so in a timely manner will limit opportunity to take UVU on-campus classes and graduation status. **UCAS will not pay for UVU on-campus classes until the failed class has been repaid or scheduled to be retaken.** *Concurrent enrollment classes can only be taken once, a student cannot repeat any concurrent enrollment class for any reason.*

Appeals:

A **student** may make an appeal to the UCAS Review Committee at any time. The UCAS Review Committee will look at the overall student success as well and the actual appeal letter that is written. UCAS Review Committee decisions are limited and must comply with UVU requirements. Students who are not eligible for UCAS to pay for UVU on-campus classes may elect to pay for their own classes. (See guidelines for student appeal letter)

NOTE: Students must also comply with UVU academic standards:

UCAS Board Policy JA Attendance Policy

The Utah County Academy of Sciences (UCAS) believes attendance is a critical component of 21st Century Skills which demand collaboration in the workplace as a key to successful problem solving strategy. The UCAS Board of Trustees supports the following attendance policy in order to:

1. Prepare students for the attendance expectations in their future careers
2. Increase likelihood of student success
3. Develop student responsibility
4. Maintain a safe and orderly learning environment
5. Encourage parental involvement in student attendance
6. Increase daily student attendance

This policy sets attendance standards for all students enrolled in the Utah County Academy of Sciences.

1. All students are expected to be in class and on time every school day, in every class. The Board of Trustees expects all students to have a minimum of 90% attendance in each class per grading period.
2. Absences will cause students to miss significant instruction and learning opportunities. Students may lose credit if their attendance is less than 90%. In addition, students may experience grade reductions for truancy. UCAS has no control over Mountainland Technology College (MTECH) and Utah Valley University (UVU) classes. Students who violate the MTECH and/or UVU class attendance policy will suffer the consequences imposed by MTECH and/or UVU or its instructors.
3. Excessive tardiness may result in a loss of credit or reduced grades.
4. Family emergencies, illnesses and court dates, along with some extenuating circumstances are legitimate reasons for being absent or tardy. Parents should follow current policies to excuse such absences. Having an absence excused removes the school attendance consequence but does not remove the students' responsibility of doing the assignments, labs, and exams for each class. UCAS will try to accommodate students who miss an exam because of an excused absence. If students are aware that they will miss a class on an exam day, they should contact their teacher as early as possible to see if the exam may be taken a day or two early. If students miss an exam because of illness or emergency, they may be required to take an exam during

the first school day that they return. A late exam may or may not be the same as the regular exam that was given to the rest of the class but will test material that the student should know. Students who have an unexcused absence on the day of an exam, or who choose to miss an exam, may be given an “F” for the exam at the discretion of the teacher. Teachers may, at their discretion, adjust this policy to accommodate the unique needs of the student or class.

5. On a case by case basis, where extended study, educational travel, or extracurricular experiences are offered to students by the parent, guardian, teacher, or administrator, students may be excused without attendance penalty for the absence, I.E., the excused absence(s) will not contribute to the accumulated total of absences. The student and/or guardian will describe such experiences in writing, identifying the reason the student will miss school and the UCAS administration will approve it. The proposal will be submitted to the administration for consideration no less than five school days **before** the absence occurs. The student will be expected to complete the assigned work and complete that work in a time frame agreeable to the teacher(s) of the missed class(es). MTECH and/or UVU classes follow their own attendance policies. UCAS expects students to be in attendance for all of their MTECH and/or UVU classes.
6. The UCAS administrators will be expected to make “reasonable accommodation” for individuals as per Section 504 of the American with Disability Act (ADA) or the Individuals with Disabilities Education Act (IDEA).
7. Incentives for student attendance may be offered as determined by the administration.
8. The school expects daily student attendance and will initiate measures to correct attendance problems. Measures may include, but not be limited to:
 - a. E-mail or phone call with parents or guardian
 - b. Counseling contact
 - c. Scholarship Agreement probation
 - d. Class adjustments
 - e. Alternative programs and placements
 - f. Involvement of outside agencies
 - g. Suspensions
 - h. Loss of access to higher ed institutions
 - i. Loss of the UCAS tuition scholarship
9. The UCAS administration will establish, clear procedures to implement this policy, including, but not limited to:
 - a. Regular and accurate record of attendance
 - b. Parental access to current attendance records
 - c. Clear communication of school days and hours
 - d. Beginning and ending school/classes on time
 - e. Advance notice of attendance penalties

Truancy

"Truant" means absent without a valid excuse. Parents of school-age minors shall cooperate with UCAS administration and the Board of Trustees to secure regular attendance at school by school-age minors for whom they are responsible.

Petition Procedure:

Parents may petition the UCAS administration to wave attendance penalties for legitimate absences (family emergencies, illnesses, court appearances, and extenuating circumstances) resulting in a student failing to achieve the 90% attendance standard. Such petitions should be directed to the administration in writing within 5 school days of when the violation occurs. Seniors shall have any petition turned into the administration no less than 5 days prior to the commencement exercises. No petition will be heard for attendance consequences in MTECH and/or UVU classes.

Updated 10/2018

UCAS Student Attendance Procedure 2019 – 2020

Class attendance is essential for students to receive instruction and participate in activities that are difficult to replicate outside of class. Due to the accelerated pace of UCAS classes, students who are excessively absent or tardy may have a difficult time making up work and keeping pace with coursework. Additionally, students with attendance issue risk losing their scholarship to UVU. As a preventive measure, UCAS has a strict attendance policy as outlines below.

Absences: Students may lose credit if their attendance is less than 90% in any class. Absences due to medical reasons will be excused with a doctor's note and will not be counted against the 90% attendance policy. Students are responsible for all in-class work that is missed. *The Majors and Career Exploration course at UCAS is considered a UVU course with its own attendance procedures – see course syllabus for more information.

Tardiness: **Parents cannot excuse tardies.** Students are given 5 free tardies per semester (note this is not per class, but 5 tardies overall). Once the free tardies are used, detentions are accrued for every third tardy starting with the sixth.

Use the following guidelines to determine if your student will be counted as absent or tardy:

7. Arrival between 1 and 10 minutes late = **Tardy**
8. Arrival after 10 minutes = **Absent**
9. Leave before last 10 minutes of class = **Absent**

All students who arrive late or leave early must sign in at the office.

- **Absences must be excused within 2 days of the absence.** They can be excused by parent or doctor note, email to the school (info@ucas-edu.net), or phone call.
- If an absence is not excused, a detention must be served within 5 school days of the absence(s).
- A student may make an appeal to the UCAS Review Committee at any time. The UCAS Review Committee will look at the overall student success as well as the actual appeal letter that is written. Students with poor grades, poor attendance, or a history of behavior challenges are less

likely to have their appeal approved. **The UCAS policy will be followed as written in all but exceptional cases.**

Attendance of Extracurricular Activities

Extracurricular excuses will be given for off-campus state, region, or school approved events. These must be cleared with the administration and main office five days prior to the event. No extracurricular attendance excuses will be given for experiences other than those coordinated by UCAS. Extracurricular excuses do not extend to UVU.

UCAS Attendance and Grade Tracking

UCAS provides immediate computerized attendance information to assist parents and students. Students or parents may check attendance using the computers in the computer lab, commons area, or at UVU. Attendance and grade information is also available on the internet at www.UCAS-edu.net. A paper containing the student/parent password for the UCAS/SIS internet attendance tracking is given to each student and parent at registration in August.

UCAS Board Policy JG Organization of School Clubs

The Utah County Academy of Sciences (UCAS) may allow for student clubs in order to provide school participation opportunities for students who are enrolled at UCAS.

1. Club Approval

All clubs at UCAS must be approved by the UCAS Review Committee. The Review Committee members are selected each year by the Director of Counseling from the faculty and counselors. The Review Committee must contain at least three members. The Review Committee also reviews the operations and success of the clubs. Approved clubs must have an established purpose which supports the educational mission of UCAS and is tied to a specific curriculum. Clubs must have a faculty advisor approved by the UCAS administration. The Review Committee may exempt a club from the authorization process if the club is governed by a state or national organization such as the National Honor Society (NHS). UCAS clubs are for UCAS students only.

2. Application Process

The written application for approval of a UCAS club must include the following:

- a. The applicant's names including faculty and students
- b. The requested club name
- c. The requested regular meeting times, dates, and places
- d. A statement of the club's purpose, goals, and activities
- e. A statement assuring that the club will comply with all applicable laws, rules, and policies
- f. A budget showing the amount and source of any funding provided or to be provided to the club and the proposed use of the funds
- g. Requirements for membership
- h. A club constitution or bylaws which will include the process of selecting club leadership, etc.

- i. A statement of the club's curricular categorization (athletic, economic/ business, communications, community service, science, computers, art/music/performance, or other).

Each club application must be approved, denied, or investigated by the Review Committee in a timely manner. If an application is denied, written reasons for the denial or results of the investigation shall be stated and, if appropriate, suggested corrections to remedy the deficiency given.

3. Parent Consent

A student must obtain written consent from their parent or guardian before joining a UCAS club or participating in any club activities. The consent form must include important information regarding the club so that the parent can make an informed decision. The consent form is not required for attendance to introductory meetings but those meetings must be approved by the administration.

4. Club Guidelines

All club activities and programs must be planned and organized so that they are not detrimental to the physical, emotional, psychological, or moral well being of students. They should not interfere with the maintenance of order and discipline on the school premises nor should they interfere with the orderly conduct of the school's educational activities. All club fees must be approved by the Board of Trustees and shall be published with the approved school fee schedule.

5. Appeal Procedures

If a club is denied, suspended, or terminated by the Review Committee, the club, advisor or person directly affected by the decision has 10 days to file a written appeal to the UCAS administration. The administration will issue a written determination within a reasonable amount of time. The decision of the administration is final.

Updated 10/2018

Code of Conduct

UCAS students should conduct themselves in a respectful, safe, and appropriate manner at all times. Proper conduct varies from one activity to another. The conduct expected in the library varies from appropriate conduct during an outdoor activity. Any conduct that is disruptive to the orderly process of education is not appropriate and may result in a disciplinary action or suspension.

Accommodations - ADA

In compliance with the Americans with Disabilities Act, individuals needing special accommodations during ANY MEETING at UCAS should notify the UCAS office at 863-2222 at least three working days prior to the meeting.

Activity Cards

UCAS students are required to have activity cards and should carry them at all times. Activity cards are needed for library use, testing, tutoring and help sessions, UTA bus pass, and school

activities. A charge will be assessed by UVU for replacement cards. If the activity card is also used as a debit card, then the student must contact their bank for a replacement. Bus passes are embedded in the UVU activity card. If the pass is lost, and the student needs a bus pass, the full amount of the bus pass will need to be paid. Students who violate school rules may lose their access to school activities. Using another person's activity card to try to enter an event is attempted fraud. Misused activity cards may be confiscated by UCAS, UVU, or UTA.

Address Change

Parents are required by law to notify the school of physical, e-mail address and phone number changes. In emergencies it is critical that UCAS be able to contact parents.

Athletics and the NCAA

Students who anticipate participating in college athletics should contact their counselor for current NCAA requirements. It is the student's responsibility to track and meet NCAA guidelines. Students are encouraged to stay at their home high school on a full time basis if participating in athletic activities.

Business Hours

UCAS Main Office hours are 8:00 am to 4:30 pm during school days. The school is not open weekends or holidays. Most teachers will be available before and after school to answer questions and help students.

Cheating

Some examples of cheating are copying work from another student, quoting another paper, the internet, a book, or an article without giving credit to the author (plagiarism), storing information in an electronic device for a test, putting your name on a paper belonging to another, and passing information to others about specific information on a test. Students who cheat will lose credit for tests or assignments and could likely lose credit for the class.

Class Changes

Schedule changes should be made before the start of each semester. An "F" grade will be recorded for a student who drops a class after two weeks into the semester except those initiated by teachers or administrators, when a class is substituted AND when the change is approved by all teachers involved. Students are responsible to see that their schedules are correct.

Classroom Interruptions

Parents, students, and visitors may NOT interrupt classes. If an emergency arises, the main office will contact the student immediately. Non-emergency messages will be given to the students in

between classes. Every effort will be made to get non-emergency messages to the students as soon as possible but not generally during class. PLEASE feel free to contact your students between classes or during their lunch period. DO NOT TEXT OR CALL YOUR STUDENT DURING CLASS TIME!

Closed Campus

Student safety is of paramount concern at UCAS. With the heavy traffic congestion and possibility for injury, the UCAS campus is a closed campus. Students may leave campus during school hours only if they have checked-out in the main office. Please see our visitor policy.

Collections

All money is collected at the main office. (Lunch money can also be paid in the kitchen). Delinquent bills may be referred to a collection agency for follow-up. Please see the administration if you have a special circumstance or financial need.

UCAS Board Policy CC Acceptable Computer System Use Policy Employee and Student Computer, Email, and Internet Use Policy Agreement

The Utah County Academy of Sciences (UCAS) may provide computers, networks, and filtered Internet access to support the educational mission of the school and to enhance the curriculum and learning opportunities for students and employees. The internet service at UCAS is provided and monitored by the Utah Education Network (UEN) as a public service.

Access and use of the school's computers, networks, and Internet access is provided for administrative, educational, communication, and research purposes consistent with the school's educational mission, curriculum, and instructional goals. General rules and expectations for professional behavior and communication apply to the use of the school's computers, networks, and Internet access.

The school utilizes an Internet filtering system to assist in restricting access to Internet sites containing material that is obscene, pornographic, or harmful to minors. Even though the school and the UEN take reasonable efforts to block material that is obscene, pornographic, or harmful to minors, no filtering system or features will filter out all obscene, pornographic, harmful, or inappropriate material. It is the responsibility of the computer system users to maintain a high level of integrity to protect themselves and others from such inappropriate material. As used herein, references to the terms "obscene," "obscenity," "pornographic," "pornography," "child pornography", and "harmful to minors" are defined by applicable state and federal laws, regulations, and cases.

UCAS students and employees are to utilize the school's computers, networks, and Internet access for educational purposes, the performance of job duties, and professional or career development activities. Incidental personal use by students and employees of the school's computers, networks,

and Internet access is permitted as long as such use does not: (a) interfere with the student's education or the employee's job duties and performance; (b) interfere with computer system operations; and/or (c) interfere with other computer system users. "Incidental personal use" is defined as use by an individual student or employee for occasional personal communication and information.

Each student, employee, or other computer system user is responsible for his/her actions and activities involving the school's computers, networks, and Internet access, and for his/her computer files, passwords, and accounts. General examples of unacceptable uses which are expressly prohibited include, but are not limited to, the following:

1. Any use that is illegal or in violation of Board of Trustees policies and/or administrative procedures, directives, or rules, including, but not limited to, harassment, discrimination (i.e., race, color, gender, nationality, religion, age, or disability), defamation, violent or threatening communications and behavior, infringement of copyright or trademark laws, offering for sale, purchase, or use of any prohibited or illegal substances, etc.
2. Any use involving obscene, pornographic, sexually explicit, sexually suggestive, or any other harmful or inappropriate material.
3. Any inappropriate communication that is obscene, profane, lewd, vulgar, belligerent, inflammatory, or threatening.
4. Any use for private or commercial financial gain, advertising, or solicitation purposes.
5. Any use as a forum to solicit, proselytize, advocate, or communicate the views of an individual or a non-school sponsored organization, to solicit membership in or support of any non-school sponsored organization, or to raise funds for any non-school sponsored purpose, whether for profit or not for profit.
6. Any communication that represents personal views as those of the school or that could be misinterpreted as such.
7. Downloading or loading copyrighted or illegal software or other hazardous applications or files is prohibited. Downloading network wide software is allowed only with written permission from the school principal or other appropriate administrator.
8. Any student use of Internet chat rooms except when monitored as a class activity.
9. Any unauthorized attempt to bypass the school Internet filtering systems and features.
10. Any malicious use or disruption of the school's computers, networks, and Internet access or breach of security features.
11. Any physical or electronic vandalism to the computer system or equipment.

Students, employees, and other computer system users who have questions regarding whether a particular activity or use is acceptable should seek further guidance from the school's principal or other appropriate administrator.

The school retains control, custody, and supervision over all computers, networks, and Internet access owned, licensed, or leased by the school. The school reserves the right to monitor all computer and Internet activity by students, employees, and other computer system users. Students, employees, and other computer system users have no expectation of privacy in their use of the school's computer system and equipment.

Employees and other computer system users are expected to use appropriate judgment and caution in communications concerning students and staff to ensure that personally identifiable information remains confidential. For personal safety purposes in using the school's Internet access, computer system users are advised not to disclose personal information such as home addresses, home telephone numbers, social security numbers, etc.

The Utah State Core Curriculum requires students to become effective and efficient users of online resources. Students need access to e-mail and the Internet to meet these requirements. Employees and volunteers assigned to supervise student use of computers must insure compliance with this Policy. Although student use of the school's computer system at school will be generally supervised by school staff, UCAS cannot guarantee that students will not gain access to inappropriate material. The school makes no warranties of any kind, either expressed or implied, that the functions or the services of the computer system provided by or through the school will be error-free or without defect. The school will not be responsible for any damage users may suffer, including, but not limited to, loss of data or interruptions of service. The school is not responsible for the accuracy or quality of the information obtained through or stored on the computer system.

Access and use of the school's computers, networks, and Internet access is a privilege and not a right. This privilege may be revoked at any time for failure to comply with the terms and conditions of this Policy and/or applicable administrative procedures, directives, and rules.

Any student who violates this Policy and/or applicable administrative procedures, directives, and rules governing the use of school computers will be subject to disciplinary action, such as losing computer use privileges, suspension, and expulsion. The introduction of a computer virus to the school network, whether intentional or unintentional may result in the student, his/her parents, or a staff member being charged for the repair of the system. Illegal uses by students of school computers will also result in referral to law enforcement authorities.

Any employee who violates this Policy and/or applicable administrative procedures, directives, and rules governing the use of school computers will be subject to disciplinary action, up to and including employment termination. Professionally licensed employees may be referred to the Utah Professional Practices Advisory Commission (UPPAC), along with any and all evidence, for investigation and possible disciplinary action against professional licensing. Illegal uses by employees of school computers will also result in referral to law enforcement authorities.

Annually, each employee authorized to access the school's computers, networks and Internet access is required to sign an "Employee Computer Use Agreement" stating that they have read the Agreement, this Policy, and Administrative Procedures, and agree to comply with the terms and conditions set forth therein. The "Employee Computer Use Agreement" will be retained in the employee's school file.

Each school year, every student authorized to access the school's computers, networks, and Internet access shall be required to provide the school a "Student Computer Use Agreement" signed by the student and a parent/legal guardian stating that they have read the Agreement, this Policy, and Administrative Procedures, and agree to comply with the terms and conditions set forth therein.

Computer Usage and Fraud

Computers are used at UCAS to assist in the educational process. Students may have access to the computers if they follow the posted technology policies and the teacher's disclosure statements. Students who violate computer policies will lose their computer use privileges. Accessing or altering private computer information is illegal and will be prosecuted to the fullest extent of the law. The cost of restoring the computer hardware, software, or data will be charged to the student.

Criminal Behavior

The UCAS Administration strives to maintain a safe and orderly campus. Report all criminal activity immediately at the office. The UCAS Statement on orderly and Safe School policy covers issues regarding student misbehavior. Students involved in criminal activity will be referred to the police. You may call the school and leave an anonymous message regarding weapons or school safety. There is also an anonymous tip line available on the UCAS website.

Dances

Only current UCAS students are invited to stag dances. One guest per UCAS student is allowed at date dances (see below). Most school dances begin at 7:00 p.m. and conclude at 10:00 p.m. The administration may refuse admission to anyone if they feel that the person's presence or behavior may create an unsafe or disruptive situation. UVU police are on-call for all UCAS dances. The Safe School, Dress and Grooming, and Behavior policies are all in effect at extracurricular events. Clothing worn at dances must be clean, modest, and appropriate for the activity. Dress requirements are posted for the date dances. Lewd or sexually suggestive dancing is not permitted. To decrease the chances of student accidents, dances will be held in Utah Valley except when approved by the administration and the Board of Trustees.

To ensure the safety and security of UCAS students, only UCAS staff and pre-selected volunteers will be permitted in the dances. Parents who wish to volunteer to chaperone at a UCAS dance should call the main office at 801-863-2222 for further information.

Students who do not attend UCAS may attend date dances if: 1) guests are invited to attend the dance, 2) guests are attending as a date of a UCAS student, 3) guests have filled out a "guest form" prior to the dance (this form requires parent signatures - guest forms are available in the office.), and 4) guests are not currently under an educational suspension. All guests to UCAS dances must be enrolled in a **high school** program. **Activity cards or a driver's license are required for entry at all dances.**

Disclosure Statements

Each teacher will issue a disclosure statement for their class at the beginning of the course. Teachers determine grading and assignment procedures and policies to be used in their classes. All students are expected to abide by classroom standards and procedures as outlined in the disclosure statements.

5. Training

The Utah County Academy of Sciences recognizes the importance of educating its employees and students regarding the prevention of discrimination and harassment, the promotion of cultural diversity, and the observance of high ethical standards. To these ends, the school will provide ongoing training and education in this area. Notice of this policy will be distributed and training will be conducted for employees and students of UCAS.

6. Records

Records of all discrimination or harassment complaints shall be maintained by the administrator as required by law and regulation. The records will be kept in a separate and confidential file as required by GRAMA. Information gathered, developed and documented in the investigation will be regarded as a “protected” record.

7. Complaint Procedure

- a. Any person who believes that he/she is the victim of discrimination, harassment, or who has knowledge of such conduct, should report that conduct directly to the administrator. Reports of policy violations may be oral or in writing. If a complainant is unwilling to file a written complaint, the administrator shall proceed with the investigation if deemed to be in the best interest of all parties and the school. In all circumstances, the person receiving the complaint will utilize their best efforts to resolve the allegations.
 - If a report is not in writing, an attempt should be made to acquire the complainant’s signature on the report form. If the alleged victim is unwilling to sign the report form attesting to the truth of the allegations therein, he or she should be informed that their refusal may prevent further processing of the complaint.
 - The report form shall include identities of those claimed to be involved, a description of the behaviors complained of, the harm caused by the conduct, and the resolution sought by the complaining party.
- b. If the initial report is directed to the administrator, the administrator shall complete the report form after interviewing the complainant. The administrator shall attempt to resolve the complaint directly with the parties.

If the dispute is resolved to the satisfaction of the parties, the agreement reached shall be documented in writing with all parties signing and receiving copies. If terms have been met, the complaint will be closed. If terms have not been met, an investigation will begin.
- c. Any reports received by the persons other than employees with line authority over the complainant or respondent must be referred to the administrator.

- d. The administrator shall conduct an intake on all initial unresolved complaints brought to their attention. If attempts to informally assist the parties to reach a mutual agreement fail, the complaint shall be formally investigated.

8. Investigation

- a. When conducting investigations, the administrator shall disclose his/her role as a neutral investigator rather than an advocate for any party. The extent of the investigation will be determined, among other factors, by the nature and severity of the charges, but at a minimum will include interviews with all complaints and respondents.
- b. The administrator shall promptly inform responding parties of the existence and nature of the charges filed against them. This can be done by providing a copy of the written complaint, the report form, or a written summary of the complaint. The administrator shall also inform the responding parties of their rights and responsibilities, in writing, during the investigation, and will provide an overview of the anticipated investigative process. The parties shall be informed they are not to contact each other about the complaint and investigation.
- c. An investigation shall be completed as quickly as practicable, but within 30 days of receipt of the complaint, unless extenuating circumstances require a longer period of time. All parties shall be notified of the extension of time.
- d. Within 10 working days of the conclusion of the investigation, the administrator shall provide all parties a written summary reviewing the complaint, response, evidence, and findings. The findings shall indicate whether it appears more likely than not that a violation of this policy occurred. This conclusion will be determined by the preference of the administrator. However, under no circumstances should an investigator make findings and conclusions of law which define the specific nature of the violations. The parties will not be provided a copy of the investigative report.
- e. The parties will then have 10 working days to provide written responses to the report and will have them considered by the administrator.

9. Remedial Action and Discipline

- a. If a complaint is found to be factually supported in whole or in part, the administrator or his/her designee shall implement corrective or disciplinary action necessary to eliminate the effects of the discrimination upon the complaining party or other persons, similarly situated. The complainant and respondent shall be given a written copy of the corrective and remedial actions to be taken.
- b. Once the administrator or his/her designee has reviewed the report by the investigation along with responses filed by any parties, he or she shall determine whether to close the complaint, attempt conciliation between parties, or initiate disciplinary proceedings.
- c. If disciplinary action is recommended, the respondent shall be notified of his/her due process rights.
- d. Within 90 days following the resolution of a complaint or the imposition of sanctions resulting from a complaint, the administrator shall conduct a review to determine if the resolution of the case is being followed. If the resolution is being followed, the matter will be deemed closed. If the resolution is not being followed, the case shall be referred back to the administrator for further action.

DISCRIMINATION AND HARASSMENT REPORT FORM

The Utah County Academy of Sciences maintains a firm policy prohibiting all forms of discrimination or harassment based on sex, race, color, ethnic background, national origin, religion, creed, age, citizenship, disability, and/or status as a veteran of the Vietnam era. All persons are to be treated with respect and dignity. **Dress and Grooming
UCAS Board Policy JB**

Some forms of dress and hair styling tend to attract improper attention to the individual and sometimes interfere with the normal educational process. All students are expected to conform to the standards of dress and grooming outlined below when participating in any school activity.

The only exceptions shall be for certain special days or activities which are declared exempt by the school administration. Personal exceptions will be determined by the administration.

Standards for Students:

1. Hair shall be neat, clean and well groomed. The coloring of hair with neon or bright colors or patterns including costume spray is not acceptable. Extreme styles such as Mohawks and spikes are not acceptable.
2. Clothing shall be modest, neat, clean, and in good repair. Students must wear shoes. Clothing and/or jewelry shall not be worn which displays obscene or suggestive words or pictures or which advertises any substance which a student cannot legally possess or use. Clothing shall be worn so as to cover the shoulders, chest, midriff, and back. Underwear must always be covered and not be visible. Short shorts, biking shorts, extremely short skirts or dresses, low rider pants, tank, halter, crop tops, and spaghetti straps do not meet the modesty standards of the Utah County Academy of Sciences (UCAS). Skirts and shorts length must be at least mid-thigh (please no more than 3 inches above the knee). Skirt slits and holes in jeans must also comply with this policy. The UCAS Board of Trustees has asked the UCAS Administration to use their best judgment in evaluating violations of this policy.
3. The wearing of bandanas, chains or any article of clothing or jewelry that may be associated with gangs or bearing any gang symbols, names, initials, insignia or anything else which signals gang affiliation and/or is worn for the purpose of signifying gang membership, is not allowed.
4. As a show of respect for our school, we ask that headwear (hats, bandanas, caps, etc.) not be worn in the UCAS school building. (Headbands wider than 2 inches are considered headwear.) Religious exemptions will be determined by the administration.
5. Offensive tattoos or piercings outside of the ear need to be covered or removed. Accessories must not present a health or safety risk. Items that could be dangerous or be used as a weapon (spikes, needles, chains, etc.) are not allowed.

Continual non-compliance may result in additional disciplinary action at the discretion of the administration. The Board of Trustees has delegated to the UCAS administration the responsibility to implement this policy.

While the Board of Education neither encourages nor discourages school uniforms, UCAS shall adhere to the Rules and Regulations and Procedures that are outlined in this policy and maintain congruence with Utah Code Annotated 53A-15-1103.

Students who drive to UCAS should follow UVU's parking standards. Some options that are available to students include the following:

- Obtaining a free parking permit at the UVU Parking for specific "free lots". Contact the UVU parking office for more information.
- Paying for a regular UVU permit at the UVU Parking Office or online.
- Release time students may request a parking permit through the Release Time office.

More information can be obtained by checking UVU Parking Services Website at <http://www.uvu.edu/parking/>

Students who drive to UCAS must follow UVU parking guidelines which include:

Personal Property

Students should not bring valuables (large amounts of cash, expensive jewelry, cameras, electronic devices, etc.) to school. Personal items brought to school must be secured in the student's backpack. **UCAS assumes no responsibility for loss or damage to personal property brought on campus.**

The student will be able to access the medication according to the doctor's instruction, at their convenience.

Progress Reports

Parents may obtain student progress reports on the internet. Parents will be notified by phone or letter, of academic, attendance, or classroom behavior problems as needed. Formal Parent-Teacher Conferences will be scheduled throughout the school year. For grade and attendance information see the UCAS website at www.UCAS-edu.net.

Public Display of Affection (PDA)

Dating and friendships are a part of being in high school. Some students choose to show affection to others at school and in public. Most public displays of affection (PDA) are NOT appropriate and are disruptive to the educational climate. Quick (3 second) hugs are okay, but extended hugging, kissing, holding hands in class, or hanging on each other is not allowed. We encourage friendships but not romances. Students may be warned, put on a PDA Control Contract, parents called, and/or suspended for repeat offenses.

Public Display of Affection Control Contract

I, _____, agree to refrain from an Public Displays of Affection (PDA) such as kissing, extended hugging, prolonged bodily contact, inappropriate touching, cuddling, or any other sexually oriented behaviors (as determined by the school administration).

I understand that excessive PDA is distracting to other students, teachers, and visitors. Excessive PDA is not the kind of behavior that the parents or the administration of UCAS wants students involved in while they are on campus. Private behavior is the responsibility of the student and parent, while public behavior at UCAS is the responsibility of the administration of the school.

It is not the intent of the administration to police occasional hugs and/or hand holding in the hall. The intent of the administration is to encourage a friendly and positive environment at UCAS. Excessive PDA has a negative impact; it is not appropriate in the work place, not in the educational setting.

If I fail to maintain this contract I understand that this contract will be sent to my parent(s) and I could be subject to suspension from UCAS for a period of time determined by the administration.

Failure to follow the PDA Control Contract is considered a violation of the Orderly and Safe Schools Policy (1-4) and will be dealt with appropriately.

Refunds

Lunch refunds will be mailed to students at the end of the school year, if requested, or moved into the student's lunch account for the following year. No refunds will be made to students after the first day of the school year.

Scholarships

Scholarships are available for students who excel in academics and extracurricular activities. Scholarship information will be posted and identified in the UCAS web-site under the counseling tab. For more information, contact the university or your counselor.

Sexual Harassment

Sexual harassment is unwanted, unwelcome behavior of a sexual nature. Sexual harassment is any act or comment of a sexual nature which **makes another person feel uncomfortable**. Schools are required by law to maintain an environment free from sexual harassment.

Sexual harassment takes many forms. Here are a few:

- Displaying gender offensive items, photos, posters, etc.
- Inappropriate gestures, touching, or grabbing,

- Sexual remarks, suggestions, repeating or spreading rumors,
- Inappropriate comments about a person's body, or
- Pressure for unwanted sexual activity.
- E-mail, text messages, photos sent by phone, etc.

In a school or work environment flirtation is most often inappropriate, but **sexual harassment is always illegal.**

What can you do?

1. Say “Stop!” Tell the harasser you do not like the behavior and you want it to stop.
2. If it continues, tell someone: Talk to a teacher, counselor, or principal.
3. **Keep Records:** If the behavior continues, write it down. Be sure to include dates, times, names, places and witnesses.
4. **Take Action:** File a written complaint with the administration.
5. **** NOTE: Sexual harassment is addressed in the Safe School Policy** and will be handled as described therein. Written, signed statements are required. Federal Law prohibits sexual harassment of any kind by students or employees of UCAS. Examples of sexual harassment include jokes, physical gestures, inappropriate physical contact, negative or offensive comments or any other written, expressed or visual material that is humiliating or derisive that creates an uncomfortable work or learning environment. Violations should be reported. Following an investigation, appropriate action will be taken.

Snowballs

Injuries can and do occur as a result of snowballs. Throwing snowballs in a public place is against the law. Violators can be fined. Repeat offenders will be referred to the police.

UCAS Board Policy CE School Visitors

In an effort to maintain a safe school environment that is conducive to the educational climate and mission of the Utah County Academy of Sciences (UCAS), the following rules shall apply to all visitors and to all activities during the school day:

1. Parents or guardians of students are welcome and encouraged to come to the school at any time; however, they must sign in at the main office.
2. All visitors must sign in at the main office and obtain clearance before visiting any classroom, activity or student. Approved visitors will be issued a UCAS visitor pass which must be worn and remain visible during the entire UCAS visit and surrendered upon exit to the main office staff.
3. Visitors may visit UCAS between the hours of 7:30 a.m. and 5:30 p.m., if there is an educational reason for the visit. Educational reasons may include a visit with a teacher or counselor, a tour of the

school for a potential new student or any educational reason that has been approved by an administrator.

4. Visitors may not loiter in the parking lot or in the immediate vicinity.
5. The UCAS administration will determine appropriate action or consequences for violations of this policy.

Visitor Policy Clarifications

When the policy refers to “UCAS” or the “school”, it is referring to both UCAS buildings, the surrounding play fields, parking lots, and all locations used by UCAS for classes or activities. Visitors who are accompanied by an administrator or a member of the office staff are not required to obtain a visitor pass from the office.

The term “loiter” used in the visitor policy is defined as “to stand doing nothing in particular”, “to remain in or hang around an area for no obvious purpose”, or “to wander aimlessly in or about a place.”

The consequences of violating this policy may include being escorted off campus, being escorted off campus by the campus police, being charged with trespassing (Utah Code 76-6-206), being charged with disrupting a school (Utah Code 76-9-10).

CONSEQUENCE PROCEDURES

Statement on Orderly and Safe Schools

The Utah County Academy of Sciences Board of Trustees adopts the policies and procedures set forth herein to create an orderly and safe place for each student to learn. This means that UCAS will have a positive learning environment free from violence, intimidation, drug use, and harm from individuals, groups, gangs, and criminal gang-type behavior, and any other type of behavior or activity that disrupts the orderly and safe operation of the schools. To foster such an environment each student is expected to follow accepted rules of conduct and to show respect for other people and obey persons in authority. Behaviors which disrupt an orderly and safe learning environment are prohibited by UCAS.

The Board believes activities associated with youth crime, as well as the use, possession, distribution, or sale of tobacco, alcohol and other controlled substances or drug paraphernalia constitute a hazard to the welfare of students and staff.

It is the policy of the Board of Trustees not to discriminate on the basis of race, color, creed, national origin, religion, age, disability, or gender in its disciplinary procedures.

Students classified as having a disability under the provisions of the Individuals with Disabilities Education Act (IDEA) or Section 504 of the Rehabilitation Act of 1972 shall have these policies and procedures applied to them in conformity with the requirements of IDEA and Section 504. (See Utah County Academy of Sciences Special Education Policies and Procedures.)

These policies and administrative procedures apply to actions of students during school hours, before and after school while on school or UVU property, while traveling in vehicles authorized by the school, at all school or UVU sponsored events, and when the actions threaten or do harm to persons or property associated with the mission or operation of UCAS.

Disciplinary proceedings shall consider relevant mitigating circumstances and provide appropriate due process for each student. Mitigating or aggravating circumstances include, but are not limited to, the following factors:

- prior conduct
- cooperation of all involved
- attitude and honesty of student
- willingness to make restitution
- age, health, and maturity of student
- whether receiving special education and/or 504 services

Because of their identification and association with gangs, the following are not permitted: bandannas; headgear; or any article of clothing or jewelry bearing gang symbols, names, initials, or insignia; or anything else which signals gang affiliation.

This section describes a broad range of misconduct that relates to criminal behavior and is prohibited. All types of disruptive and criminal behavior are prohibited, whether listed specifically or not.

All disciplinary actions include a conference with the student under the discretionary authority of the principal or his/her designee. Where notification of a parent or guardian is appropriate it should follow as soon as is reasonably practical.

Authority to Suspend or Expel a Student

The Board delegates to the UCAS principal or other administrator the power to suspend a student for up to 10 school days. The Board delegates to the UCAS Discipline Council the authority to suspend a student for up to one school year. The Board may expel a student for a fixed or indefinite period, provided that the expulsion shall be reviewed by the principal and the findings reported to the Board at least once each year [UCA 53A-11-905].

Grounds for Suspension or Expulsion from a Public School

1. A student **may be** suspended or expelled from a public school for any of the following reasons:
 - a. frequent or flagrant willful disobedience, defiance of proper authority, or disruptive or unsafe behavior, including the use of foul, profane, vulgar, or abusive language;
 - b. willful destruction or defacing of school property;

- c. behavior or threatened behavior which poses an immediate and significant threat to the welfare, safety, or morals of other students or school personnel or to the operation of the school;
 - d. possession, control, or use of an alcoholic beverage as defined in UCA 32A-1-105;
 - e. behavior proscribed under Subsection (2) which threatens harm or does harm to the school or school property, to a person associated with the school, or property associated with any such person, regardless of where it occurs.
2. A student **shall be** suspended or expelled from a public school for any of the following reasons:
- a. Any serious violation affecting another student or a staff member, or any serious violation occurring in a school building, in or on school property, or in conjunction with any school activity, including the possession, control, actual or threatened use of a real, look alike, or pretend weapon, explosive, or noxious or flammable material under UCA 53A-3-502, or the sale, control, or distribution of a drug or controlled substance as defined in UCA 58-37-2, an imitation controlled substance as defined in UCA 58-37b-2, or drug paraphernalia as defined in UCA 58-37a-3; or the commission of an act involving the use of force or the threatened use of force which if committed by an adult would be a felony or class A misdemeanor.
 - b. A student who commits a violation of Subsection 2(a) involving a real or look alike weapon, explosive, or flammable material shall be expelled from school for a period of not less than one year subject to the following:
 - 1. within 45 days after the expulsion the student shall appear before the Board of Trustees or the Board's designee, accompanied by a parent or legal guardian; and
 - 2. the Board or designee shall determine:
 - a. what conditions must be met by the student and the student's parent for the student to return to school;
 - b. if the student should be placed on probation in a regular or alternative school setting consistent with Section 53A-11-907, and what conditions must be met by the student in order to ensure the safety of students and faculty at the school the student is placed in;

 - 3. A student may be denied admission to a public school on the basis of having been expelled from that or any other school during the preceding 12 months.
 - 4. A suspension or expulsion under this section is not subject to the age limitations under UCA 53A-11-102(1). [UCA 53A-11-904]

Alternatives to Suspension

When a student is suspended for any period of time, the parent or guardian, upon meeting with the principal or other administrator, may be given the option of attending all classes with the student

in lieu of excluding the student from school during the period of suspension, or may be given another appropriate remedial plan. These alternatives apply only if the disruptive behavior is not of a violent or extreme nature. The parent or guardian must agree to and attend all classes with the student for each day of the suspension, or accept and support the remedial plan. The consent of the student's teacher(s) is required. If the parent or guardian fails to attend all classes with the student, or does not support the remedial plan, the student will be excluded from classes and school activities during the suspension (UCA 53A-11-906).

Responsibility of Parent or Guardian

If a student is suspended or expelled, the parent or guardian is responsible for undertaking an alternative education plan that ensures that the student's education continues during the period of suspension or expulsion. The parent or guardian shall work with school officials to determine how that responsibility might best be met. An alternative program offered by or through the school, or other alternatives which reasonably meet the educational needs of the student may be considered.

Costs for educational services that are not provided by the school are the responsibility of the student's parent or guardian (UCA 53A-11-907).

 - c. refer the student and parent to an approved assessment and/or approved intervention program, with the cost of the program assumed by the parent.
2. The student shall:

Failure of the student to comply with or complete the requirements of the referral will result in administrative action including possible suspension or referral to the Board for expulsion.

Student Self-Referral

If a student is self-referred concerning a tobacco, alcohol, or controlled substance problem, the school administration will provide a conference with a designated educator and/or the school counselor to discuss possible resources for assistance.

Records of Policy Violations

The records of clearly substantiated violations will be kept in the student's confidential record. The records will include dates, types of violations, and disciplinary actions taken. These records will be used in assessments of subsequent disciplinary actions and eligibility.

The record(s) of violations from previous school(s) concerning behaviors identified in the Policies and Procedures on Attendance, Orderly Conduct, Safe Schools, and Substance Abuse will be reviewed before a student requesting a transfer into Utah County Academy of Sciences is considered for enrollment and is officially enrolled in Utah County Academy of Sciences.

Student Right of Due Process

The procedures for due process are designed to protect the rights of students when a disciplinary problem arises that could result in long term suspension or expulsion. The process is administrative, not judicial. Notification will be given to the student and the parent of the time and place for a hearing and a statement of the alleged act(s) of misconduct. The notice of offenses or charges shall state with reasonable particularity the offense or charge, shall be based upon the information known at the time the notice is issued, and may be subject to amendment upon further

investigation or evidence. Due process includes the right to a hearing, the right to counsel, the right to confront and cross-examine non-minor witnesses, and the right to appeal.

Procedures for hearings and appeals of disciplinary decisions by a parent/guardian are as follows:

1. Discuss the grievance with the teacher or person at the school with whom the disagreement occurred.
2. If agreement is not reached, the parent/guardian may meet with a counselor or administrator.
3. If agreement is not reached, the parent/guardian may request an informal hearing through the UCAS Discipline Council. The request shall be in writing and within fifteen (15) calendar days of the school decision and addressed to the Utah County Academy of Sciences, UCAS Discipline Council. The appeal shall be heard within ten (10) school days.
4. If agreement is not reached, the parent/guardian may submit in writing within fifteen (15) calendar days of the UCAS Discipline Council's decision a request for a hearing before the Board of Trustees. If the Board grants a hearing, it shall be in executive session. Following the hearing, the Board shall give its decision in writing.

At each stage of the proceedings, the hearing officer(s) shall conduct a *de novo* review, and shall hear the matter anew the same as if it had not been heard before and as if no decision had been previously rendered. Hearing officer(s) may receive and consider new documents, information, and witness testimony. However, upon appeal to the Board, the Board shall only consider the documents, information, and witness testimony presented at the hearing conducted by the school. Failure to appeal to the next step in the appeals process within the time limits specified shall be deemed a withdrawal and final disposition of the matter.

Once the aggrieved party has exhausted all of the administrative remedies herein he or she may appeal to a court of law.
