**YOUR AVAILABILITY:**

**Yearbook is a year-long class.** The expectation is that when you apply to be on the yearbook staff, you are committing to the entire year. If, at this point, you cannot make a year-long commitment but might be able to do so, you may still apply, but this may affect your chances of becoming a member of the staff.

**NOTE:** Your year-long dedication to the yearbook is extremely important because critical decisions about workload are made very early on in the school year. If you choose to drop out of the class, fail to meet deadlines or fulfill your responsibilities, your grade, the quality of the yearbook, and the entire staff are negatively impacted by your decision.

It takes the whole year and the whole staff to make a yearbook and we want you onboard for the whole process!

You will receive a grade in Yearbook advisory. This is not free time. Your grade will reflect your attitude, work completed on time, deadlines and your ability to attend activities outside of school time.
